REAL-TIME VIDEO INTELLIGENCE

[WHAT ZOOO DOES]

WATCH THE ENTIRE PLANET AT MACHINE SPEED.

CAPABILITIES

ZOOO ingests and analyzes **vast amounts of video** in realtime — detecting events, geolocating content, translating audio, and extracting intelligence from raw footage the moment it appears.

NOT TEXT. NOT SCRAPED OSINT. **VIDEO.**

SIGNAL → STRUCTURE

01 NEAR-IMMEDIATE FEED ANALYSIS

Alerts on emerging threats, hostile narratives, and operational indicators as they appear on video.

02 GEOGRAPHIC INFERENCE

Locate content from visual + contextual signals — no metadata required, even against deception.

03 MULTIMODAL EXTRACTION

Pull meaning from audio, video, and context; no reliance on captions or transcripts.

04 SEARCH · FUSION · REPORTING

Query feeds in natural language; generate analyst-ready reports directly from video evidence.
